

**SAVE 50%**  
On All Bacterial & Fungal Kit Range!

**Valid Until 31<sup>st</sup> Aug 2021**

# Making DNA Barcoding Effortless With 1st BASE Microbial DNA Barcoding Kit

## Premium Quality

Quality reagents & optimized protocol that ensure successful DNA Barcoding.

## Simple & Convenient

All required protocols & reagents are readily available with the kit.

## Prompt Technical Support

Be supported by our team with over 10 years of experience in DNA barcoding work.

Product No.	Product Description	Size
KIT-1100-50-Promo	Bacterial DNA Barcoding Kit, with DNA extraction	50 Preps
KIT-1110-50-Promo	Bacterial DNA Barcoding PCR Kit	50 Preps
KIT-1200-50-Promo	Fungal DNA Barcoding Kit, with DNA extraction	50 Preps
KIT-1210-50-Promo	Fungal DNA Barcoding PCR Kit	50 Preps

**SPECIAL PROMOTION**

Complete Workflow for DNA Barcoding packaged with Sanger Sequencing is also available. Contact your sales representative today for a Special Offer!

**REFER A FRIEND**  
— AND BE REWARDED —

Refer a friend working in the field of BACTERIOLOGY & FUNGOLOGY and be rewarded with four (4) complementary SS1001 Single Pass DNA Sequencing reactions.

### Terms & Conditions Apply\*

- \* Refer a friend by completing our referral form.
- \* A referral is deemed complete when the referee (your friend) makes at least ONE (1) kit purchase.
- \* Every completed referral qualifies the referrer (you) to 4 Single Pass DNA Sequencing reactions.
- \* There is no limit to the number of referrals.
